Additional tests

Use case UC01 Register as a user

Description

Register to the system as a user.

Access

Main menu > Log in > Sign up as a user

Tests

Test 01	
Description	The form must be filled in with the following data: username: 'userTest', password: 'userTest', repeat password: 'userTest', name: 'Juan', surname: 'Pérez', email: 'test@test.com', phone (optional): '+34954678912', postal address (optional): '123 Fake street, VA, USA'. The actor must agree with the terms and conditions.
Expected	The account is saved successfully.
Outcome	Test conducted successfully.
Notes	

Test 02	
Description	The actor agrees with the terms and conditions and sends an empty form
Expected	The system must return the correspondent invalid messages in red.
Outcome	Test conducted successfully.
Notes	

Use case UC02 Edit user data

Description

A user wants to edit his or her data.

Access

Main menu > Profile (Show profile) > Edit

Tests

Test 03	
Description	Edit the form to edit his or her personal data.
Expected	The data is saved successfully.
Outcome	Test conducted successfully.
Notes	

Test 04	
Description	Use an invalid phone ('invalid-phone-test') to edit his or her personal data.
Expected	The system must return the 'Does not match pattern' message in red.
Outcome	Test conducted successfully.
Notes	

Use case UC03 Delete data

Description

A user wants to delete his or her account.

Access

Main menu > Profile (Show profile) > Delete.

Tests

Test 05	
Description	Click the 'Delete' button to remove his or her account from the system.
Expected	The account is removed from the system and the actor is redirected to the welcome page successfully.
Outcome	Clicking the 'Delete' button does not delete the user's profile, and returns a Panic screen. This occurs in both languages.
Notes	In the edit form, there is another 'Delete' button with the same functionality.

Test 06	
Description	Change how the 'Delete' button works to try to delete another customer's account.
Expected	The system must return the panic page.
Outcome	Test conducted successfully.
Notes	

Use case UC04 List newspapers

Description

A person wants to see the published newspapers

Access
